GRADUATING CLASS OF JANUARY 9TH, 2008

MAYA

Maya had a loving family for 5 years and then her life changed. She had to leave her home and family because they didn't have time to spend with her anymore. Maya found herself at the SPCA in the care of loving staff and volunteers. Maya is 5 year old Aussie mix who is great with children of all ages and is fine with other animals. She is a fun walking partner and loves car rides. Maya's happy, loving personality makes everyone around her happy. She is patiently waiting for a loving family and permanent home.

EDDIE

It is pretty hard on a 12 month old little boy to find himself abandoned in the country equipped with nothing but a yellow hunting collar. Instead of refined skills for survival Eddie had no idea of how take care of himself especially at such a young age. Eddie found his way to SPCA and will not have to worry about survival again.

He is a sweet, friendly boy who wants to be with people. Eddie gets along well with other animals. We even found him with the SPCA cats sleeping on top of him. Eddie is a purebred yellow lab just waiting to be an excellent companion to some lucky family.

SONNY

Sonny is a 9 month old black lab mix who loves everyone he meets.

He would love for you to know his story but he can't tell you. Neither can the SPCA. Someone just brought him to the SPCA Center and dropped him off during the night. As sad as this is, it has not changed the fact that Sonny is a happy boy who loves everyone he meets..

He is good with other animals and children. Sonny is waiting for a permanent loving family he can trust who will never abandon him.

Thanks to your support, Daphne, Hugo, Charlie, Jake, Gina, Lass, Booker, Carly, Lillian, Blue, Duncan, Kyra, Cletus, Nell, Chico, Cecil, Mona, Greta, Bella, Opie, Rufus, Bo, Bailey, Fiji, Dolly, Nino, Shelby, Ben, Sparky, Tianna, Prancer and Sheba are all enjoying loving families in their new homes.

Please join us at our next graduation or contact the SPCA today to learn about pets who are waiting for a family just like yours.

All of the dogs presented for adoption from SPCA of the Triad and "A New Leash on Life" are spayed/neutered, microchipped, crate trained, on heartworm preventative, and up to date on vaccinations.
